### Spring Hill Dots.

Editor Lexington Dispatch: This section has been blessed with bountiful rains, and, therefore, the

crops are generally good, and we are glad to say that more corn and oats have been planted and made than

The ladies of the Spring Hill Missionary Society are performing herculean labors to improve the Spring Hill (Mt. Olivet) church. They will give a barbecue at Spring Hill on campaign day, for the benefit of the church, and we earnestly hope that the friends of Christianity will give these ladies a liberal patronage.

The Spring Hill boys are endevoring to organize a base ball club. We wish them much success.

Typhoid fever is prevalent in this section and Drs. Eargle and Eleazer are kept very busy.

A Farmer's Alliance has been or ganized at the Folk school house, near Spring Hill, with Mr. John Kesler as temporary chairman.

We wish all the farmer organizations much success for they are Christianizing and educating the laboring classes of our country.

They should remember that "united we stand, divided we fall," and never let one breach occur in their ranks. Our opponents are making a desperate effort to make a breach in our ranks so that they can get a few of their chosen demagogues in our midst, and if they do, it may be fatal to our cause. The farming class of people have a majority of voters and why should they not have a majority of representatives? We can have, if we will only rise in our might and snow our opponents under by an overwhelming majority of votes at the coming election. We should forever follow the waving banner of B. R. Tillman, for he has now being made, are very durable, bravely proven himself to be the and impervious to any spirit or oil

Your humcle scribe was at Lexington campaign day and saw with disgust the manner in which some of It is a little colt foal, weighing but the candidates were treated. The County Chairman did all in his power to quell that surging mass of humanity but he had just as well tried to calm the dashing waves of the Atlantic ocean. It is a disgrace to civilization and our State that a fair, impartial hearing cannot be obtained by the candidates. If there is no way to stop this "howling down" process, then I think the two factions should abandon the canvess and let those who wish how! howl at their mules something else. We do hope that our county canvass will not be infested by these "howling down" bullies. More anon.

Whenever you are in doubt which of two things to do, let you decision be for that which is right. Do not waver, do not parley; but square up to the mark, and do the right thing. Boy! when you divide that apple with your little sister, be careful not to keep the largest half for yourself. Young man! don't sneak out of the house by the area steps because you wish to escape your father's eye. Maiden, let not the most trifling de ceit pass current in those little acts which make the sum of your life. No matter what you are, or what your lot, or where you live, you cannot afford to do that which is wrong. The only way to obtain happiness and pleasure yourself, is to do the right thing. You may not always hit the mark, but you should, never- jubilant.

theless, always aim at it, and with every trial your skill' will increase. Whether you are to be praised or blamed for it by others, whether it will seemingly make you richer or poorer, or whether no other person than yourself knows your action, still, always, and in all cases, do the right thing. Your first lesson in this will grow easir, until finally doing the right thing will become a habit, and to do a wrong will seem an absolute impossibility.
